

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (currently amended) A tool for driving a landscape pin, the tool comprising:

a frame sized to house the landscape pin;

a base attached to the frame and having a slot formed therein, the slot disposed within the frame and sized and shaped to accommodate passage of the landscape pin;

an adaptor plate affixed to the base, the adaptor plate shaped to partially surround a diameter of a hose;

a hammer disposed within the frame and aligned with the slot; and

driving means for applying force to the hammer to drive the landscape pin from the frame and through the slot.

2. (original) The tool of claim 1 wherein the base has a thickness similar to a thickness of the landscape pin.

3. (original) The tool of claim 1 further including stop means for preventing the hammer from passing through the slot.

4. (original) The tool of claim 1 wherein the hammer including stop means for preventing the hammer from passing through the slot.

5. (original) The tool of claim 1 wherein the driving means includes a foot lever coupled to the hammer and passing through the frame.

6. (original) The tool of claim 1 wherein the driving means includes a hydraulic driver.

7. (original) The tool of claim 1 wherein the driving means includes a pneumatic driver.

8. (original) The tool of claim 1 wherein the driving means includes an electrical driver.

9. (original) The tool of claim 1 further including a return spring configured to resist the driving means and urge the hammer away from the slot.

10. (original) The tool of claim 1 wherein the hammer includes a cupped edge disposed towards a landscape pin within the frame and wherein the cupped edge is shaped to receive the landscape pin.

11. (canceled)

12. (original) The tool of claim 1 further including a landscape pin magazine attached to the frame and configured to feed the landscape pin into the frame.

13 - 16 (canceled)
